ton of trading. To add to the strength the situation, reports from the northst told of a serious and widespread mage by yesterday's hallstorms in the kotas and Minnesota, and morthwest bear of the strength New York, Aug. 11.-R. G. Dun & Co.'s Weekly Review of Trade will say tomorrow: After great expansion, business hesitates. This year it is aston-ishing that hesitation has been so In one branch after another slight buying has halted, only to be followed by larger buying. The output of iron furnaces in blast Aug. I was 289,612 tons weekly, or 6.8 per cent more than in 1892 and 2.7 per cent more than in 1892 and 2.7 per cent more than in last year. With a decrease of 21,365 tons in unsold stocks, nearly half in charconi iron, the apparent consumption and exports did not exceed 1.129,744 tons, which bargly equais the lowest report of production Aug. 1, and other fur-naces have started since that date, with several more to follow. The supply ap-pears to be at the east equal to the demand, although new demands for the

ed. though the eastern demand is lighter.

The Connellsville coke output is again 192,558 tons for the week, with only 550 ovens idle, and prices are unchanged. Tin, following London, has risen to 22 cents, but fell to 31.55 cents, and copper is hard to get at 1814 cents for lake. Lead is quoted at 34.50 to \$4.60. Sole leather has slightly advanced with buff and split, but the convention of boot and shoemakers proposes to advance prices. Hough without definite authority. New orders are now in some lines targer than the works can accept, though in many others more moderate, and not exceedings hair the output. Chicago reports hides slightly lower for packers, but a shade higher for country buff and heavy cows.

Wool is a little less after its great rise, and inside quotations are sometimes accepted, but sales at the threschief markets have been 29,26,830 pounds in two weeks, against 23,35,800 pounds in the same weeks of 1892.

Wheat receipts at the west have been \$6,55,250 bushels in two weeks, against \$6,55,250 bushels in two weeks, against \$6,55,310 bushels last year, making it hard to believe the unfavorable cropestimates which still come forward from unofficial and official sources.

The exports have slackened, amounting to only 6,289,133 bushels, flour included, from Atlantic ports, against 5,945,311 bushels last year, and from Pacific ports 400,202 bushels, against 25,255 last year, other exports being 548,580 bushels. Contradictory stories about foreign crops weigh but little, compared with the actual buying of grain and movement from the farms. The truth seems to be that the supply of wheat in the spring wheat region is larger than anybody has supposed.

J. J. Harris applied for a position as principal and A. J. Durnell asked to be made a teacher.

The bill for the construction of the addition to the Mountford school, amounting to \$1,040, was ordered paid. Miscellaneous claims amounting to \$1,100 were ordered paid, and the board adjourned.

It is now thought that the man Hobbs who was fatally injured near Omaha Thursday was not the Thomas Hobbs who formerly resided in Ogden, and was referred to in The Herald yesterday morning. Mrs. A. Wilkinson, mother of Mrs. Thomas Hobbs, stated yesterday that Hobbs had lately been living at Franklin, Ida. Mrs. Wilkinson recently returned from a visit to her daughter at that place, and says that Hobbs was then working in a lumber camp near Franklin. Mrs. Wilkinson does not believe that the injuredinan was her daughter's husband, but says that he had a brother living near Gilmore, Neb., and thinks that it might have been him. Thursday was not the Thomas Hobbs

Bismarck's Iron Nerve

Washington, Aug. 11.—The editors of the Havana newspaper, the Reconcentrado, which was recently suppressed by the United States military authori-ties in Cuha have employed an at-torney in Washington to present their claim to the secretary of war. They will probably ask for damages and also that their rights shall be determined in the civil courts.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, biotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and to purify the blood. It gives

and is resuless and frettil. Use White's Cream Vermifuge. Every worm will be destroyed and the child will be able to grow and develop as nature intended. Price. 25 cents. Sold by Z. C. M. I. Drug Department.
